HARLEY KNOX BLVD

OVERVIEW

about

2

420 Harley Blvd. is a Class A building, currently configured as a two-tenant facility, totaling 90,213 SF and is situated on 4.28 acres, less than two miles from I-215 freeway. Originally built in 2007, the majority of the existing Tenant Improvements were completed in 2021. The Property features 30' clear height, one grade-level door, ESFR sprinklers, concrete tilt-up construction, a rear load configuration, and generous auto and trailer parking. While all uses will be considered, the Property currently offers Distribution & Manufacturing operators a rare opportunity to lease a Plug & Play Class A cannabis facility.

Location

Strategic Logistics Location in a Core Industrial Market - The Inland Empire & Greater Riverside County

Located just west of Main Street in Perris, CA. The Property offers exceptional local and regional access via immediate connectivity to multiple freeways, with the 215 freeway less than two miles from the Property. The Inland Empire is one of the largest industrial markets in the country, with hundreds of major logistics hubs like Amazon, Fed-Ex, Lowes and Home Depot. This traditional supply chain framework has served very well for cannabis related businesses to follow suit and has allowed for ideal building conversions from traditional use to cannabis.

perris city licensing

- On November 8, 2016, Perris voters passed a marijuana tax measure to establish the tax structure for the sale, distribution, cultivation and manufacturing of cannabis. Though Riverside county struggled to settle on a path, Perris was one of the first cities to establish regulation.
 - » \$13.50 per sq ft of canopy area assessed annually.
 - » 2% of proceeds for standard distribution operators (1% of proceeds if operator is also cultivating within the City with a valid City license)
 - » 0.5% of proceeds derived from goods to other cannabis operations within the City while the operator has a valid distribution and cultivation license within the City
 - » 0% of proceeds if operator also has a valid cultivation, distribution, and dispensary license within the City where the goods are processed from “seed to sale”
 - » 10% of gross receipts (after deductions for state excise tax)
- Defined Allowable Locations for Cannabis Operations: Links here [“North Map”](#) and [“South Map”](#)
- Licensing “Runs with the Land”
- Current Open Licensing:

Manufacturing
(Type 6 & 7)

Lab
(Testing)

Distribution
& Transport

Cultivation
& Nursery

1

Cultural Impact

Riverside County is home to 2.5 Million residents and Perris just under 1 million with steady growth of approx. 1%

4

Regulatory Environment

Long History of procannabis legislation
25 year legacy as a medical market;
California was the first state to legalize medical marijuana in 1996.

US's Largest Market

Why California? Tourism, Culture, Population & GDP - \$2.9T

Legal Cannabis Sales
\$4.4B in 2020
(up approx. 57% from 2019)

Growth Forecast

Sales estimated to grow to
\$8.1B by 2024.

The U.S. cannabis industry as a whole could reach \$100B by 2030 up from an estimated \$60B in 2020
